To Our Value Customers and Suppliers

Dear Sirs,

This is to express our sincere thanks for your kind consolatory message on the destruction and loss of lives caused by earthquake and tsunami that hit eastern Japan on 11<sup>th</sup> of March.

It was the largest earthquake in the nation's history of seismic observation and also massive tsunami hit coastal areas of Tohoku and other regions, where fishing industry is so active and intensive.

Details of entire situation are still unknown. However, as for as our employee' concern no human injury and loss are reported, though there are some damages on our plants.

Once again, thank you for your kind thought.

Yours faithfully,
